**RE: §401 WATER QUALITY CERTIFICATION NRS 09.009- BLEDSOE
COUNTY CORRECTIONAL COMPLEX - STREAM AND WETLAND
MITIGATION ANNUAL MONITORING REPORT.**

Dear Helen:

The division has reviewed the First Year Wetland and Stream Monitoring Report. Based on the review it is noted in Section 5- Conclusions that certain performance standards for both the stream and wetland mitigation have not been met. Please submit to this office and the COE a plan to address the lack of achieving performance standards in both the stream and wetland mitigation.

In addition, the Protected Property Signs around the mitigation site and Land Use Restriction document, both requirements of the permit, need to be fulfilled.

If you have any questions regarding this letter please contact me at (615) 532-0712 or mike.lee@tn.gov.

Sincerely,

Mike Lee
Environmental Specialist
Natural Resources Section
